Matthew has helped us understand each other and our needs. He also helps us focus and build on the positives and the “why” of our mutual love. I would encourage anyone that wants to strengthen their marriage to reach out to Matthew. We are extremely grateful he was referred to us.

Matthew helped save our marriage! His knowledge, expertise, care, empathy as well as a touch of humor, allowed us to open up on uncomfortable topics and make real progress in our relationship. Difficult to find this quality of support.

We were in need of marital counseling and were directed by our therapist to Matthew and his facilitation of the SYMBIS assessment. Our encounters with Matthew led to nothing short of transformational awareness. We now call him our “marriage whisperer”!
